

BEACH SENDS WORD HE AND WIFE WILL RETURN NEXT WEEK

Accused Husband Cables
Lawyer He Wants
Quick Trial.

AIKEN, S. C., April 13.—D. S. Henderson, counsel for Frederick O. Beach, received a cable dispatch this afternoon from his client ordering that arrangements be made for immediate trial of the case against him, charging assault and battery on the person of his wife. He says in the message that he and Mrs. Beach will start for America next week.

Coincident with the receipt of this message was the arrival in Aiken this afternoon of T. S. Fuller, of the New York law firm, which is representing Mr. Beach. Mr. Fuller has taken a position that an early trial should be arranged in compliance with Mr. Beach's wishes.

In arranging bond for Mr. Beach, on which Thomas Hitchcock is surety, the Hendersons especially requested that the bond be made returnable to the September term of court. As a bond case the charge against Mr. Beach can not be heard at the June term under the rules of the circuit court. That term is especially provided for jail cases, and the prisoners in jail have the right to demand immediate trial, with precedence over all bond cases.

Unless Mr. Beach desires upon his return to Aiken to surrender himself to

the sheriff despite the provisions of his bond and become technically a prisoner, he cannot press the case to trial at this time. Final point cannot be determined until he arrives in Aiken. Actual incarceration in the common jail will not be demanded, but it will be necessary for the prisoner to be actually in the custody of the sheriff or a duly authorized deputy.

HOSPITAL LOSES ON GOVERNMENT SICK

Directors of Emergency Urge Congress To Build New Institution to Replace Old.

Directors of the Emergency Hospital have drawn up an urgent letter setting forth new facts which they believe will convince the Senate and House conferees on the District appropriation bill of the necessity of providing for a new hospital.

The letter has been sent to the various conferees. It sets forth that the Government has not given Emergency Hospital any money in the last five years and that in that time, \$4,000 has been raised for it through donations and various sources. It is asserted the \$55,000 paid for the care of Government patients in that time has been inadequate. The Government pays the hospital \$1.20 per day for each indigent patient treated and the cost of such treatment to the hospital is said by the directors to be \$1.80 per day. The directors say that thus in reality the hospital has given the Government \$20,000 in the last five years.

Dr. W. P. Carr, acting secretary, said the directors had assurances the action of the conferees would be favorable.

Postmaster Resigns To Fight President

CAMBRIDGE, Md., April 13.—Postmaster Sewell M. Moore today made public the fact that he had on Tuesday forwarded to Washington his resignation of the office for which William H. Medford was recommended by the county committee some weeks ago. In his letter to the department Moore stated that he intended to support Roosevelt, and for that reason his resignation was to take effect at once or as soon as his successor could be named and take charge. It has been known for some time that many organization Republicans favor Roosevelt, and Moore's action will probably precipitate a fight for him.
